Department of Justice:

It's time to move on! As a "Top 5% of Americans" taxpayers to the U.S. Treasury, I feel the government has reached a FAIR settlement with Microsoft. Let's move on! The DOJ has other things to worry about(Sept. 11th terrorists) to pursue this matter which only benefits Microsoft's competitors. The measures presented in the settlement are fair and both sides can live with that agreement. It's time for the Federal government to move on the other pressing problems. Let's spend those tax dollars fighting foreign enemies.
